water/lake surveillance

Character: Bryana (celtic: the strong one) is a strong-minded bitch with excellent social qualities and a trustful human attachment, together with social intelligence. A well-balanced stable family dog with high affinity to children and small creatures, full of energy in missions, but you won't recognize her in total commitment when operating in water- her favourite drug!

Type: dark oval eyes; perfect set of teeth; wonderful chest and front, top angles, very dense bone and muscle strength, attentive and considerate, friendly and youthful attitude (WAH1) in Switzerland
